

Michigan Supreme Court Clerk  
P.O. Box 30052  
Lansing, Michigan 48909

November 4, 2003

Reference: Court Rule No. 2003-47

To whom it concern,

I am writing this letter in regard to the United States Senate Asbestos Bail Out Bill appears to be dying for now. They are forgetting the effect that Asbestos has place on Human Life.

The Damaged will never be undone to the one's who has died and the one's left behind. Without one's health what can life be.

It is extremely difficult to understand why compensation continually other have cause problem unknowingly.

It is painful to fore see what will happen when the damaged cannot be revise.

No matter how hard, how much monies are paid out , it will never be enough to replace the status of a human health.

From: Mr. James Moore
